

Rotary Clothesline

IRONGEAR by A.J Grant

You remember when Grant's knickers were blown off the line by a strong wind, back when clotheslines were built to last, you don't have to worry now, the "Great New Zealand Rotary Clothesline", is made right here today in Dunedin. Our IRONGEAR by A.J Grant rotary clothesline range is made in different sizes from non-rust galvanised steel and are known to be one of the strongest rotary clotheslines available on the market. They are built to withstand the elements and particularly suitable for high wind areas. These clotheslines are direct from the factory and we can even install your new clothesline for you.
